## Pool & Spa Safety Act Section 1404 Public Comment Period

On December 19, 2007, the President signed into law the [Virginia Graeme Baker Pool and Spa Safety Act](#) (pdf), named after the daughter of Nancy Baker and the granddaughter of former Secretary of State James Baker. Graeme Baker died in a tragic incident in June 2002 after the suction from a spa drain entrapped her under the water. This Act was first introduced by Rep. Debbie Wasserman-Schultz (FL) and was supported by the Baker family and Safe Kids Worldwide.

The new law is aimed at reducing the 260 pool and spa drownings each year involving children younger than 5 and suction entrapment deaths and injuries, by making pools and spas safer, securing the environment around them, and educating consumers and industry on pool safety.

The Act specifies that by December 19, 2008, swimming pool and spa drain covers available for purchase in the U.S. MUST meet specific requirements. Additionally, public swimming pools, wading pools, spas and hot tubs MUST meet requirements for installation of compliant drain covers. In certain instances, public pools and spas MUST have additional devices or systems designed to prevent suction entrapment.
